March Tour – Beechcraft Heritage Museum

March 13th at 6:00 PM, Tullahoma, TN

By Kevin Line

INSIDE THIS ISSUE

- 1** March Event
- 1** Chairman's Comments
- 3** Board Members

Our March tour will have an aviation theme as we pay a visit to the Beechcraft Heritage Museum located in Tullahoma, TN on March 13th at 6:00pm. We have a personal after-hours tour of the museum as it will be after closing. Normally the entrance fee is \$10, but SAE will be covering the fee for all members who attend the tour.

This facility houses an extensive collection of Beechcraft airplanes built from the 1930's to the 1980's such as Staggerwings and Bonanzas. The Beechcraft Heritage Museum does restoration / maintenance work on their collection and they have a large assortment of Beechcraft related manuals, photographs, technical drawings, and microfiche available for viewing by

Please see March *Event* on page 2

Chairman's Comments

By Doug Fleenor

I would like to thank Chris Lehman and everyone who helped support Student Night 2008. I hope all the students enjoyed the event and the great prizes. We have plenty of opportunities to support the Baja race in the spring, so if any members would like to help please login to our website. Please join us for the Beechcraft tour March 13th in Tullahoma TN. Feel free to bring your family or friends, but SAE will only pay for the registered member. If you would like to have friends or guest join you please make sure they bring \$10 to cover admission. This will be an exclusive behind the scenes tour so it will be well worth your money. Please let the board know if you have any idea's or tours that you would like to see in the future. We are always looking for feedback, and want to offer the members the best for your money. We have positions available on the board if you would like to get more involved and take your career to the next level.

members and visitors. The museum is also home to the Staggerwing Air Academy, which is a program held twice a year for 10-14 year olds to teach them about aerodynamics and stability. Students also build projects such as gliders, wing ribs, hot air balloons, and model rockets, in addition to getting an airplane ride. Please come out and join us for this March tour.
